

YouthAchievia Goals and Objectives

- To teach young people how to create opportunity and overcome obstacles as they learn to develop their God-given potential. Provide young people with structural, moral, and financial support to achieve their goals and to accelerate new ways to power up their dreams!
- To modify the curriculum of Achievement Dynamics to meet the needs of young people learning how to live a life of progress and achievement. Curriculum Levels: Grade School, High School, College Age. To also develop modules for one-on-one personal mentoring.
- Equip Mentors with empowerment modules of topics and perspectives to enlighten and encourage others in one-on-one mentoring or group lessons.
- Provide families with a program to teach, encourage and support one another in the creation and pursuit of their life goals.
- To provide youth organizations with additional tools to empower their associates with ideas and methodologies that will have a positive impact on their collaboration and achievements.
- Create a “Youth Empowerment Hub” for organizations to collaborate on experiences and resources to help achieve their mission. Enlarge opportunities for grants intended to mentor and empower young people.
