

Mission of YouthAchievia

Collaborating with youth organizations, educators, youth mentors, and families, in supporting youth and young adults in their development to become more empowered to succeed.

Goals and Objectives of YouthAchievia

- Create a worldwide “Youth Empowerment Hub” for organizations to collaborate on experiences and resources to help achieve their organization’s vision and mission.
- Provide help for young people to power up their dreams - with the training and support to achieve their goals!
- Teach others how to create more opportunities in their life and the keys to developing their personal potential.
- Teach the art of problem solving, the key to conquering fears and how to overcome obstacles.
- Collaboratively adapt and modify the curriculum of Achievement Dynamics to meet the needs of young people learning how to live a life of progress and achievement.
- Incorporate curriculum that supports participants in Grade School, High School, and beyond.
- Develop modules for mentoring that will help equip mentors to enlighten and encourage.
- Provide families with a program to teach, encourage, and support one another in the creation and pursuit of their life goals.
- Provide youth organizations with additional tools to empower their associates with specific training and methodologies that will have a positive impact on their collaborations and achievements.
- Expand opportunities for grants supporting the mentorship and empowerment of young people.
- Create a sustainable revenue stream for youth organizations and their youth who have goals that require funding.
